No such foreclosure sale or transfer shall relieve such Lot or Unit from liability for any assessments thereafter becoming due or from the lien thereof or relieve the transferring Owner from his personal liability for the unpaid assessments at the time of such transfer.

ARTICLE VI ARCHITECTURAL CONTROL

6.01 *APPROVAL OF DEVELOPMENT.* No structure shall be placed, erected or installed upon any Lot and no improvements (including staking, clearing, excavation, grading and other site work, exterior alteration of existing improvements, and planting or removal of landscaping materials) shall take place except in compliance with this Article and approval of the Architectural Control Committee. Notwithstanding, the Architectural Control Committee may exempt certain activities from the application and approval requirements of this Article or other design guidelines adopted by the Architectural Control Committee, provided such activities are undertaken in strict compliance with the requirements of any resolution providing for such exemption.

Before commencing the construction, reconstruction, remodeling, alteration, or addition of any building or structure, fence, wall, driveway, path or other improvement of any nature, the Lot Owner shall first submit its building plans, specifications, site and landscape plans, drainage plans, and an elevation sketch (collectively the "Plans") to the Architectural Control Committee (as hereinafter defined) for its written approval. The Plans shall include all materials for driveways, patios, decks, walls, fences, swimming pools, tennis courts, and landscaping. In the event the Architectural Control Committee shall fail to approve or disapprove in writing the Plans within thirty (30) days after they have been received by the Architectural Control Committee, such approval shall be deemed to have been complied with.

Any Lot Owner may remodel, paint or redecorate the interior of any structures on his or her Lot without approval. However, modifications to the interior of screen porches, decks, and similar portions of a structure visible from outside the structure on the Lot shall be subject to approval. No approval shall be required to repaint the exterior of a

structure in accordance with the originally approved color scheme or to rebuild in accordance with originally approved plans and specifications.

Neither this Article nor other design guidelines hereafter adopted shall apply to the activities of the Developer nor to improvements to the Open Area by or on behalf of the Association.

This Article may not be amended without the Developer's written consent so long as the Developer owns any property subject to this Declaration or subject to annexation to this Declaration.

The Architectural Control Committee may establish and charge reasonable fees for review of applications for approval of Plans hereunder and may require such fee, as well as costs of review by architects, engineers or other professions, to be paid in full prior to review of any application.

Approval of plans for any work done or proposed or in connection with any other matter requiring approval, shall not be deemed to constitute a waiver of the right to withhold approval as to any similar Plans or other matters subsequently or additionally submitted for approval.

In reviewing each submission, the Architectural Control Committee may consider the quality of workmanship and design, harmony of external design with existing structures and location in relation to surrounding structures, topography and finished grade elevation among other matters.

ROLL 89 IMAGE 2830

6.02 *CONFORMANCE AND GUIDELINES.*

(a) *Conformance Required.* Plans for all Lot improvements and construction activities must conform to (1) the requirements and standards contained in The Ridges Architectural Guidelines of Section 6.02(b), (2) other or additional design guidelines adopted by the Architectural Control Committee and made available to Lot Owners prior to the start of construction and which shall be hereafter recorded in the Washington County, Tennessee, Register of Deeds' Office at Jonesborough, Tennessee, and (3) any other requirements of this Declaration.

Design guidelines adopted hereafter, or amendments to the Section 6.02(b) guidelines, shall apply to construction and modifications commenced after the date of adoption or amendment only, and shall not apply to require modifications to or removal of structures previously approved once the approved construction or modification has commenced. The Architectural Control Committee shall make all design guidelines available to Lot Owners and builders who seek to engage in development or construction within the Property. All Lot Owners and builders shall

conduct their activities in accordance with the design guidelines set forth herein or as subsequently adopted by the Architectural Control Committee and made available to Lot Owners and builders. In the Developer's discretion, other or additional design guidelines may be recorded in the Washington County, Tennessee, Register of Deeds' Office at Jonesborough, Tennessee, in which event the recorded version, as it may unilaterally be amended from time to time, shall control in the event of any dispute as to which version of the design guidelines was in effect at any particular date.

The Architectural Control Committee shall be the sole judge or arbiter of conformance or non-conformance of all improvement plans. Further, the Architectural Control Committee may approve or disapprove plans when the Architectural Control Committee, in its sole discretion, determines that the proposed improvements or any feature of the Plans are not architecturally or aesthetically compatible with the surrounding structures and topography or the intent of this Declaration or the design guidelines.

(b) *Architectural Guidelines.*

(i) *Dwelling quality and size.* All dwellings shall be of high quality workmanship and materials. The floor area of the main structure, exclusive of open porches, decks, unheated areas, and garages, shall be not less than 2,500 square feet for single-story houses and not less than 2,800 square feet for multi-story houses.

(ii) *Exterior materials.* The exterior of all houses shall be constructed of brick, natural stone, natural wood, a stucco finish such as Dryvit™ or a similar material approved by the Architectural Control Committee. No aluminum (whether vinyl coated or painted) or vinyl siding shall be used on any house on a Lot except for soffit, fascia or other such trim work. No houses shall be constructed of logs or log-type timbers.

(iii) *Garages required.* Every house shall be required to have an attached garage of sufficient size for at least two (2) full size automobiles.

(iv) *Garages Attached.* All garages must be attached to a dwelling and its garage doors must not face the street, except if (1) a lot is less than 115' feet wide at the street, (2) the Lot is a corner lot, or (3) exceptional topographical conditions exist, the Architectural Control Committee may, by express written waiver, in its discretion, authorize garage doors that face the street. All garage doors must be equipped with electric powered garage door openers.

(v) *Paved Driveways.* All driveways shall be paved within 180 days of the date the occupancy permit is granted. Paving must be by asphalt, concrete, stone, brick or other similar hard surface. Loose, gravel driveways are not permitted.

(vi) *Roofs.* No tin or aluminum roofs shall be used on any house.

(vii) *Colors*. All exterior colors must be approved by the Architectural Control Committee. No bright or garish colors will be allowed.

(viii) *Mailboxes*. All mailboxes shall conform to the standard plans and specifications adopted by the Architectural Control Committee.

(ix) *Satellite dishes*. No satellite receiving dishes greater than eighteen inches (18") in diameter shall be placed on a Lot. Dishes 18" in diameter or less may be placed on a Lot, if they are affixed to the main house or the attached garage and are not on the front of the front one-half of a side. They shall be placed adjacent to an inside corner or at another similar, less obtrusive location.

(x) *Fences*. All fences, which term shall be deemed to include rock, stone or brick walls, must be approved by the Architectural Control Committee. No wire or chain link fences will be approved. Privacy fences adjacent and connected to, and extending no more than four feet (4') beyond the sides of the house, such as to enclose a patio or hot tub or spa area, may be approved if it is constructed of the same materials as the house, or complementary materials which are suitable for exterior materials for a house, pursuant to Section 6.02(b)(i) above. Fences within 5' of the Golfer's easement described in Section 8.03 and essentially parallel to the rear lot line of lots adjoining the golf course shall be no higher than three (3) feet.

(xi) *No antennas*. No external antennas of any type shall be allowed on any Lot because cable television and radio service is available by underground cable and satellite dishes up to 18" in diameter may be affixed to houses, which should afford any mass media communications reasonably required by a Lot Owner.

6.03 *INSPECTION REQUIRED*. If the Architectural Control Committee approves the Plans, the actual construction in accordance with the Plans shall be the responsibility of the Lot Owner, provided, however, upon completion of the improvements, and prior to occupancy, the Lot Owner shall notify the Association, who shall have ten (10) days thereafter within which to have the improvements inspected by the Architectural Control Committee to insure that the construction was completed in accordance with the Plans approved by the Architectural Control Committee prior to construction. If the Architectural Control Committee shall fail to approve or disapprove in writing the completed improvements within ten (10) days after receipt of notice from the Owner that the improvements are completed, such approval shall not be required and these covenants will be deemed to have been complied with.

6.04 *UNAPPROVED CHANGES*. In the event an Owner has made changes from the original Plans approved by the Architectural Control Committee and such changes were not previously approved by the Architectural Control Committee, occupancy of the subject improvements shall be delayed until either approval of the changes is granted or

the necessary corrections have been made to bring the improvements into compliance with the approved Plans.

6.05 *CONSEQUENCES OF FAILURE TO COMPLY.* If any Lot Owner shall fail to complete improvements according to the approved plans or to maintain the improvements situated upon the Lot in a manner satisfactory to the Architectural Control Committee, the Association may, upon the vote of two-thirds ($\frac{2}{3}$) of the Board of Directors, and after ten (10) days' written notice to the Lot Owner, and in the event of the Lot Owner's continued failure to commence the correction of the matter in issue, enter upon said Lot and remove the non-conforming improvements erected thereon to substantially the same condition as previously existed. The cost of such removal shall be added to and become an additional annual assessment to the Lot Owner, which assessment shall be a lien on the Lot and bear interest at the rate of ten percent (10%) per annum from the date the expense is incurred until paid in full. This assessment, however, is not subject to the dollar amount limitations of annual assessments.

Any contractor, subcontractor, agent, employee or other invitee of a Lot Owner who fails to comply with the terms and provisions of this Article and any design guidelines adopted and made available or recorded by the Architectural Control Committee may be excluded by the Association from the Property, subject to the notice and hearing procedures contained in the Association's Bylaws. In such event, neither the Association, its officers or directors nor the Architectural Control Committee shall be held liable to any person for exercising the right to exclude such persons granted by this paragraph.

In addition to the foregoing remedy of removal and assessment, the Association shall have the authority and standing to pursue all legal and equitable remedies available to enforce the provisions of this Article, other design guidelines adopted and made available or recorded by the Architectural Control Committee and the decisions of the Architectural Control Committee.

ROLL 89 IMAGE 2831

All improvements commenced on a Lot shall be prosecuted diligently to completion (i.e. issuance of an occupancy permit and completion of the work depicted on the plans) and the exterior of any improvements shall be completed within 24 months of commencement, unless an exception is granted in writing by the Architectural Control Committee. If an improvement is commenced and construction is then abandoned for 90 days, or construction of the exterior of any improvement is not completed within the 24 month period, after notice and hearing as provided in the bylaws, then the Association may impose a fine of up to \$500 per day on the Lot Owner until construction is resumed unless the Lot Owner can prove to the satisfaction of the Board that such abandonment is clearly due to circumstances beyond the Lot Owners financial inability to complete the improvements. Such charges shall be an assessment and lien as provided for in the Association's Bylaws.

6.06 *WAIVERS.* In addition to the approval of Plans and other matters herein set forth, the Architectural Control Committee shall have the right to waive minor violations and allow minor variances, where the same resulted unintentionally or without gross carelessness on the part of any Lot Owner and are not materially harmful to the surrounding Lots or the Property. If such waiver is granted in writing, then, thereafter, such matters so waived shall no longer be deemed a violation of these restrictions.

6.07 *APPROVAL IS NO WARRANTY.* The approval of the Architectural Control Committee of the Plans and completed improvements as required above is not intended to be an approval of the structural stability, integrity or design of a completed improvement or of the safety of any component therein, but is required solely for the purpose of insuring compliance with the covenants contained in this Declaration and further, to insure the harmonious and orderly architectural development and improvement of the Property. Notice is hereby given to any future occupant of any such completed improvement, and all invitees, business guests and other persons who may from time to time enter or go on or about such completed improvements, that no permission or approval granted by the Developer or the Architectural Control Committee with respect to construction pursuant to this Declaration shall constitute or be construed as an approval by them of the structural stability, integrity, soundness, or design of any building, structure or other improvement nor for ensuing compliance with building codes and other governmental requirements. No liability shall accrue for any injuries, damages or loss arising out of or resulting from the manner or quality of approved construction on or modification to any Lot to the Developer, the Association, their officers, directors, agents or employees, or the Architectural Control Committee in the event that any such construction shall subsequently prove to be defective.

6.08 *ARCHITECTURAL CONTROL COMMITTEE.* The Architectural Control Committee shall consist of three (3) members, initially appointed by Developer. Developer is hereby empowered to appoint their successors should a vacancy occur, and Developer may remove members and replace them at its sole discretion until termination of the Developer's Class B membership, at which time the authority to appoint the Architectural Control Committee shall automatically be vested in the Association.

ARTICLE VII RESTRICTIONS ON LOT US

7.01 *PLAN OF DEVELOPMENT.* Developer has established a general plan of development for the Property as a master planned community to enhance all Lot Owners quality of life and collective interests, the aesthetics and environment within the Property and the vitality of and sense of community within the Property, all subject to the Association's and its members' ability to respond to changes and circumstances, conditions, needs and desires within the community and to regulate and control the Open

Area. The Property is subject to the land development, architectural and design provisions set forth in this Article VII, the other provisions of this Declaration governing individual conduct and uses of or actions upon the Property and the guidelines, rules and restrictions promulgated pursuant to this Declaration or the Association's Bylaws, all of which establish affirmative and negative covenants, easements and restrictions on the Property.

All provisions of this Declaration and the Association's Bylaws and rules shall apply to all Lot Owners, occupants, tenants, guests and invitees of any Lot Owner. Any lease on any Lot shall provide that the lessee and all occupants of the leased Lot shall be bound by the terms of this Declaration, and the Association's Bylaws and Rules.

7.02 *LAND USE AND BUILDING TYPE.* Initial use restrictions applicable to all Lots are described below. In accordance with the Board's duty to exercise sound business judgment and reasonableness on behalf of the Association and its members, the Board may adopt rules which further limit the use of Lots. The Board shall send notice by mail to all Lot Owners concerning any such proposed action at least ten (10) business days prior to the Board meeting at which such action is to be considered. Association members shall have a reasonable opportunity to be heard at a Board meeting prior to such action being taken.

At least thirty (30) days prior to the effective date of any action taken under this section, the Board shall send a copy of the rule(s) adopted to each Lot Owner. The Association shall provide, without cost, a copy of the use restrictions then in effect ("Use Restrictions and Rules") to any requesting Lot or Unit Owner, Association member or any person holding a deed of trust, mortgage or other security instrument in any Lot or Unit.

All owners and occupants of Lots are hereby given notice that use of their Lots is limited by the rules set forth herein and as they may be further limited hereunder. Each Lot Owner, by acceptance of a deed, acknowledges and agrees that the use, enjoyment and marketability of his, her or its Lot can be affected by this provision and that his, her or its use may be further limited from time to time. No rule or action by the Association or Board shall unreasonably impede the Developer's right to develop in accordance with its master plan and recorded survey plans for the Property or otherwise.

(a) *Residential.* No Lot shall be used except for single-family residential purposes; provided, however, this shall not preclude the temporary use of a house for a showcase model home or a temporary real estate sales office.

(b) *One Dwelling.* No building shall be erected, altered, placed, or permitted to remain on any Lot other than one single-family dwelling.

7.03 *BUILDING LOCATION; RESUBDIVISION.*

(a) *Set Back Lines.* No building (including its eaves, steps, decks, walls, or open porches) shall be located on any Lot nearer to the front or rear lot lines than 25' feet or nearer to any side lot line than 7 ½ feet. No building, structure, or fence shall be closer than 40 feet to a back lot line that adjoins property of the Golf and Country Club, except that, if a Lot has a depth of less than 120 feet, at any point, then (1) decks, (2) patios and (3) such other structures as the Architectural Control Committee shall approve in writing, may be constructed within the rearmost 40 feet restricted area, but in no case closer than 25 feet to the rear lot line. Notwithstanding the foregoing, buildings and other structures may be located as close as 25 feet to the rear lot line of Lot 13, Magnolia Ridge Drive. All plantings, including shrubs and trees, (other than grass, which must be neatly cut and trimmed, or flowers) within this 40 foot, or 25 foot, rear lot line setback area must be approved by the Architectural Control Committee.

(b) *Re-Subdivision.* No Lot or Lots shall again be subdivided, re-subdivided, altered, or changed, so as to provide less area in any Lot than the area established by the Plat. It is permissible, however, for two or more Lot Owners to divide a Lot, or two or more Lots, between or among themselves so as to create a lesser number of larger Lots, provided such re-subdivision is approved by the Architectural Control Committee.

7.04 *RIDGES CLUB DRIVE/BOONE'S CREEK ROAD RESTRICTIONS.*

(b) *No Curb Cuts.* Under no circumstances shall any Lot have a curb cut, driveway or other access directly to Ridges Club Drive or Boone's Creek Road. No driveways may enter Lots from Ridges Club Drive or Boone's Creek Road.

(b) *No Houses to Face Ridges Club Drive.* All houses must face streets other than Ridges Club Drive.

7.05 *NUISANCES.* No noxious or offensive activity shall be carried on upon any Lot, nor shall anything be done thereon which may be or may become an annoyance or nuisance to the neighborhood.

7.06 *TEMPORARY AND INCOMPLETE STRUCTURES.* No temporary structure or incomplete structure may be used, temporarily or permanently, as a residence. No tent, shack, outbuilding, barn, camper, travel trailer, mobile home, basement, or dwelling not substantially completed may be used for overnight lodging. Contractors may, however, place temporary structures on lot during the construction. Such structures may be staffed with security personnel at any time.

ROLL 89 IMAGE 2832

7.07 *SIGNS.* No signs of any kind shall be displayed to the public view on any lot except professionally lettered builder's or real estate broker's signs in good taste and not exceeding 24" x 30" in size.

7.08 *LIVESTOCK AND POULTRY.* No animals, livestock, or poultry of any kind shall be raised, bred or kept on any Lot, except that dogs, cats or other household pets may be kept provided they are (1) contained to the Lots of their owners by leash or fence, (2) not kept for any commercial purpose, or (3) not kept in such numbers as to become a nuisance. Note that ownership of a Lot affords no right to go upon the adjacent golf course, and an unauthorized entry by you or your pets would constitute a trespass.

7.09 *GARBAGE AND REFUSE DISPOSAL.* No Lot shall be used or maintained as a dumping ground for rubbish. Trash, garbage or other waste shall not be kept except in sanitary containers. All equipment for the storage or disposal of such material shall be kept in a clean and sanitary condition and shall be concealed underground or screened by a fence, hedge, or wall from the view of neighbors or the public.

7.10 *OTHER PROHIBITED OR RESTRICTED ACTIVITIES.*

(a) *Cut No Trees.* Other than the trimming of dead or discarded limbs, Lot Owners shall not cut any Dogwood tree of any diameter or any other trees with a diameter of 8" or greater measured 2' above the average height of the ground at the base of each tree on a Lot without the consent of the Architectural Control Committee. Violation of this covenant shall be subject to a liquidated damage sum of One Thousand Dollars (\$1,000.00) per inch, measured as hereinabove specified, for each tree; Five Hundred Dollars (\$500.00) for each shrub; and Five Thousand Dollars (\$5,000.00) for each Dogwood tree, removed without authorization, except that the maximum liquidated damage shall not exceed Ten Thousand Dollars (\$10,000.00) for any Lot. The recovery of such liquidated damage, which recovery shall not be deemed the exclusive remedy, shall inure to the benefit of the Association, who shall also be entitled to injunctive relief.

(b) *Unlicensed Vehicles.* No currently unlicensed motor vehicle may be kept on any Lot. Moreover, no Lot Owner shall permit any motor vehicles (operable or inoperable) owned by such Lot Owner, or by any person occupying a dwelling, or by any person on the premises as guest or invitee, to remain parked on the public streets in the subdivision for more than 48 continuous hours.

(c) *No Relocated Houses.* No previously existing house may be placed or erected on any Lot.

(d) *No Auto Service.* Automobiles may not be assembled, disassembled or serviced in view on any Lot.

(e) *No Mobile Homes, etc.* No mobile home or house trailer may be stored or kept on any Lot. No boat, jet ski, motor home, trailer, motorcycle, automotive parts, building materials, garden or lawn equipment, or other items determined by the Architectural Control Committee to be "unsightly", may be kept on any Lot except in a garage.

(f) *Garage Doors Closed.* Lot Owners shall keep garage doors closed except when open for entry and exit.

(g) *No Clothes Lines.* No “clothes lines” or other devices for drying clothes in the open air shall be allowed on any Lot. Not clothes shall be air dried on any Lot.

(h) *Decorations.* Decorations exhibited on the lawn or on the outside of any house, such as Christmas decorations, shall not be allowed to remain for an unreasonably long time, nor shall the number, extent, or size of such decorations be unreasonably large so as to constitute a nuisance or irritant to neighbors, in the sole opinion of the Architectural Control Committee. Should the Architectural Control Committee direct an Owner to remove decorations, failure to do so shall constitute a separate violation of these Restrictions each day they remain.

7.11 *REQUIRED MAINTENANCE: ASSOCIATION’S RIGHTS.* Lots shall be kept clean and mowed, and all dwellings shall be kept neatly painted and in good repair. The Association shall have the right to enter upon any Lot for the purpose of cutting grass, cleaning up such Lot, or painting, repairing and maintaining the dwelling thereon, if same be reasonably required, and to charge the expense thereof as an additional annual assessment to the Lot Owner, which assessment shall be a lien on the Lot and bear interest at the rate of ten percent (10%) per annum from the date the expense is incurred until paid in full. This assessment is not subject to the dollar amount limitations of annual assessments.

7.12 *WATER SUPPLY; SEWAGE DISPOSAL.* No dwelling on any Lot shall be occupied and used unless the same be connected with, and served with, water and sewer from the water and sewer services from the water supply and sanitary sewer mains provided in this subdivision.

7.13 *SIGHT DISTANCE AT INTERSECTIONS.* On corner Lots adjoining two streets, no fence, wall, hedge, planting, or opaque structure exceeding a height of two and one-half (2 ½) feet above the elevation of the centerline at the intersection of the streets shall be erected, placed, or maintained within the triangular area formed by the Lot lines at points that are forty (40) feet distant from the intersection of such Lot lines. In the cases of a rounded corner at intersection streets, such measurement shall be made from the point of intersection of the tangents of the curve constituting the rounded corner.

ARTICLE VIII EASEMENTS

8.01 *ROADWAY CONSTRUCTION AND SLOPE EASEMENTS.* Easements are hereby reserved for the benefit of the Developer, its successors and assigns, to construct all streets, roads, alleys, or other public ways as now, or hereafter may be shown on the Plat, at such grades or elevations as Developer, in its sole discretion, may deem proper; and,

for the purpose of constructing such streets, roads, alleys or public ways, Developer shall have a temporary, during constructing, twenty (20) foot wide construction easement along the right-of-way lines of all streets. Developer additionally shall have a perpetual slope easement, not exceeding twenty (20) feet in width, upon and along each Lot adjoining any street, for the construction of proper bank slopes in accordance with the specifications of the governmental body or agency having jurisdiction over the construction of public roads; and no Lot Owner shall have any right of action or claim for damages against anyone on account of the grade or elevation at which such road, street, alley or public way may hereafter be constructed, or on account of the bank slopes constructed within the limits of said twenty (20) foot easement, which slopes shall be maintained at the grade specified by the construction plans approved by the Johnson City Regional Planning Commission.

8.02 *UTILITY AND DRAINAGE EASEMENTS.* Easements are hereby reserved for the benefit of the Developer, its successors and assigns, for installation and maintenance of utilities and drainage facilities as shown on the Plat and as otherwise shown by the public records. Within these easements, no structure, planting or other material shall be placed or permitted to remain which may damage or interfere with the installation and maintenance of utilities, or which may change the direction of, or obstruct or retard the flow of, water through drainage channels in the easements. The easement area of each Lot and all improvements in it shall be maintained continuously by the Lot Owner, except for those improvements for which a public authority or utility company is responsible.

8.03 *GOLFER'S EASEMENTS.* Easements are hereby reserved for the benefit of the Developer, its successors and assigns, and specifically including but not being limited to The Golf and County Club and its members and members' guests, for a right-of-way and perpetual easement across the portion of all Lots that adjoin the golf course for a distance of forty (40) feet from the back Lot line (the Lot line that adjoins the golf course), except that such distance shall be only 25' if the Lot depth is less than 120' at any point, said easement being for the pedestrian use of registered golf course players and their caddies in retrieving an out-of-bounds ball. In the exercise of the easement reserved and granted by this Section, golf course players and their caddies shall not be entitled to enter upon such portions of any Lot with a golf car or other vehicle, nor shall the golf course players or their caddies spend an unreasonable amount of time, i.e., in excess of five (5) minutes, on any such Lot or otherwise commit a nuisance. Included within this easement is an easement for light, air and view over the forty (40) foot, or twenty-five (25) foot strip, as the case may be. The maintenance of any obstruction within this easement area shall constitute a violation.

ARTICLE IX GENERAL PROVISIONS

9.01 *ENFORCEMENT.* The Association, or any Lot or Unit Owner, or the Developer shall have the right to enforce, by any proceeding at law or in equity, including injunctive

relief, all restrictions, easements, covenants, conditions, assessments and liens now or hereafter imposed by the provisions of this Declaration, including the right to levy fines of up to \$50.00 per occurrence (each day's violation being considered a

ROLL 89 IMAGE 2833

separate occurrence) for each violation. Failure by the Association, the Developer or any Lot or Unit Owner to enforce any restriction, easement, covenant, condition, assessment and lien herein contained shall in no event be deemed a waiver of the right to do so thereafter.

9.02 *COSTS AND ATTORNEY'S FEES.* If the Association, the Developer, or any Lot or Unit Owner is successful, or partially successful, by final judicial decree or judgment, in enforcing any restriction, easement, covenant, condition, assessment, or lien against a Lot or Unit Owner or the Lot or Unit, he, she or it shall be entitled to recover all costs, including attorneys' fees, in connection with such enforcement effort, all of which shall constitute further additional annual assessments, bearing interest at ten percent (10%) per annum, against the offending or delinquent Lot or Unit Owner and shall constitute a lien against the Lot. This assessment is not subject to the dollar amount limitations of annual assessments.

9.03 *JUDICIAL MODIFICATION.* Any restriction, easement, covenant, condition, assessment or lien, which is found to be unenforceable by a final judicial order, decree, or judgment of a court of competent jurisdiction, shall be modified by the Court to the least extent possible so that the same, as judicially modified, shall be enforceable rather than declared to be invalid.

9.04 *SEVERABILITY.* Judicial invalidation of any one of these restrictions, easements, covenants, conditions, assessments or liens shall in no way affect any other provisions which shall remain in full force and effect.

9.05 *AMENDMENT.* The restrictions, easements, covenants, conditions, assessments and liens of this Declaration shall run with and bind the land for a term of forty (40) years from the date this Declaration is recorded, after which time they shall be automatically extended for successive periods of ten (10) years, unless an instrument signed by 75% of the Lot and Unit Owners provides otherwise.

In addition to amendments made by the Developer, this Declaration may be amended during the first forty (40) year period by an instrument signed by not less than ninety percent (90%) of the Lot and Unit Owners, and thereafter by an instrument signed by not less than seventy-five percent (75%) of the Lot and Unit Owners.

Any amendment, with all necessary signatures, must be recorded in the Register of Deeds' Office for Washington County, Tennessee, at Jonesborough. Until

termination of the Class B membership in the Association, Developer may unilaterally amend this Declaration for any purpose. Thereafter, Developer may unilaterally amend this Declaration if such amendment is necessary to (i) bring any provision into compliance with any applicable government, statute, rule, regulation or judicial determination; (ii) enable any reputable title insurance company to issue title insurance coverage on a Unit or Lot; (iii) enable any institutional or governmental lender, purchaser or guarantor of mortgage loan to make, purchase or guarantee mortgage loans on the Units or Lots; (iv) enable any governmental agency or reputable private insurance company to insure mortgage loans on the Units or Lots; or (v) satisfy the requirements of any governmental agency. However, any such amendment shall not adversely affect the title to any Unit or Lot unless the Unit or Lot Owner shall consent thereto in writing. So long as Developer owns any portion of the Property or other property annexed hereto for development as part of the Property, even if its Class B membership in the Association has terminated, it may unilaterally amend this Declaration for any other purpose provided the amendment has no material adverse effect upon any right of any Unit or Lot Owner. Any such amendment can affect any one Lot or Unit or any number of Lots or Units, in the Developer's discretion.

If any Unit or Lot Owner consents to any amendment to this Declaration or the Association's Bylaws, it will be conclusively presumed that such Unit or Lot Owner has the authority to consent, and no contrary provision or any mortgage or contract between the Unit or Lot Owner and a third party will affect the validity of such amendment.

No amendment may remove, revoke or modify any right or privilege of the Developer without the written consent of the Developer or the assignee of such right or privilege.

9.06 *BINDING EFFECT.* This Declaration shall be binding upon and inure to the benefit of all persons having any right, title or interest in the Property, or any portion thereof, their heirs, successors, successors-in-title and assigns.

ARTICLE X DEVELOPER'S RIGHTS

10.01 *ANNEXATION.* Until all real property which is within the bounds of Boone's Creek Road, Highland Church Road, Bugaboo Springs Road and Hairetown Road, the "Possible Annexation Property", has been subjected to this Declaration, or December 31, 2004, whichever is earlier, Developer may, from time to time, unilaterally subject all or any portion of the Possible Annexation Property to the provisions of this Declaration. Such annexation shall be accomplished by filing a Supplemental Declaration annexing such property in the Washington County, Tennessee, Register of Deeds' Office. The Supplemental Declaration shall not require the consent of Association members, but shall require the consent of any owner of real property being annexed hereto if other than Developer. Any such annexation shall be effective upon the filing for record of such

Supplemental Declaration unless otherwise provided herein. Nothing in this Declaration shall be construed to require the Developer or any successor to annex or develop any of the Possible Annexation Property in any manner whatsoever.

10.02 *WITHDRAWAL OF PROPERTY.* The Developer reserves the right to amend this Declaration so long as it has a right to annex additional property pursuant to this Article XII without prior notice and without the consent of any person, for the purpose of removing property then owned by the Developer, its affiliates or the Association from the coverage of this Declaration, to the extent originally included in error or as a result of any changes in the Developer's Plans for the Property, provided such withdrawal is not unequivocally contrary to the overall uniform scheme of development for the Property. Such declaration of withdrawal shall not require the consent of lot owners, unit owners or the Association. Any such withdrawal shall be effective upon the filing of such declaration of withdrawal except as otherwise provided therein. The withdrawal may be accomplished in stages by successive declarations or in one declaration of withdrawal.

10.03 *ADDITIONAL COVENANTS AND EASEMENTS.* The Developer may unilaterally subject any portion of the property submitted to this Declaration initially or by Supplemental Declaration to additional covenants and easements, including covenants obligating the Association to maintain and insure such portion of the property on behalf of the Lot Owners and Unit Owners and obligating such Lot Owners and Unit Owners to pay the cost incurred by the Association through Lot or Unit assessments. Any such additional covenants and easements shall be set forth in a Supplemental Declaration filed either concurrent with or after the annexation of the property and shall require the written consent of the owner(s) of such property, if other than the Developer. In addition, any Supplemental Declarations annexing additional property may supplement, create exceptions to, or otherwise modify the terms of this Declaration as it applies to such additional property to reflect the different character and intended use of such property.

ROLL 89 IMAGE 2834

10.04 *AMENDMENT.* This Article shall not be amended without the prior written consent of Developer so long as the Developer owns any portion of the Property or any other property subsequently subjected hereto by Supplemental Declaration.

10.05 *TRANSFER OF RIGHTS.* Any or all of the special rights and obligations of the Developer set forth in this Declaration or the Association's Bylaws may be transferred to other persons, provided that the transfer shall not reduce an obligation or enlarge a right beyond that contained in this Declaration or the Bylaws. Upon such transfer, and to the extent thereof, Developer shall be relieved from all liabilities, obligations and duties hereunder. If Developer ceases to exist and has not made such a transfer, a successor Developer may be appointed by the Association. No such transfer or appointment shall be effective unless it is in a written instrument signed by the Developer or the Association duly recorded in the Washington County, Tennessee, Register of Deeds Office.

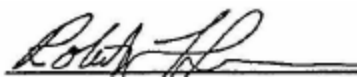

10.06 *OTHER ACTIVITIES.* So long as the Developer owns any portion of the Property or has a right to annex additional property, the Developer and builders authorized by Developer may maintain and carry on upon portions of the Property such facilities and activities as, in the sole opinion of the Developer, may be reasonably required, convenient, or incidental to the development or sale of Lots or Units, including, but not limited to, business offices, signs, model units and sales offices. The Developer and authorized builders shall have easements for access to and use of such facilities.

10.07 *DEVELOPER REVIEW AND CONSENT.* No person shall record any declaration of covenants, conditions and restrictions, or declaration of condominium or similar instrument affecting any portion of the Property without Developer's review and written consent. Any attempted recordation without such consent shall result in such instrument being void and of no force and effect unless subsequently approved by written consent signed by the Developer and recorded in the public records.

10.08 *DEVELOPERS RIGHT TO COMPLETE DEVELOPMENT.*

No provision of this declaration shall be construed to prevent or limit Developers rights to: (a) complete the development; (b) construct or alter improvements on any property owned by the Developer within such boundaries; (c) maintain model homes or offices for construction, sales, or leasing purposes; (d) post signs incidental to the development, construction, promotion, marketing, sale and leasing of property in such boundaries; or (e) excavate, cut, tilt or grade any property owned by Developer. Developer shall not be required to seek or obtain the approval of the Architectural Control Committee or of the Association for any such activity.
